Associate in Science Degree
Early Childhood

This degree is designed for students who plan to work in an Early Childhood center, become a Childcare Center Director, or work in the field of Early Intervention.

Degree-seeking students must satisfy entry testing requirements and satisfactorily complete all mandatory courses in reading, student success, mathematics and English. Students must complete all prerequisites for the listed course requirements.

It is highly recommended that students speak with an FKCC advisor before planning their course of study.

Please call Advising Services at 305-809-3196 to make an appointment.

For additional program information call 305-809-3262.
