THE COLLEGE-LEVEL EXAMINATION PROGRAM (CLEP)

CLEP (College-Level Examination Program) is a national program of credit by examination. CLEP enables students who have reached a college level of education outside the classroom to demonstrate their achievement through testing and have the results used for college credit.

A maximum of forty-five (45) semester hours may be earned through the general and subject exams of CLEP. Credits earned through CLEP do not satisfy FKCC’s residency requirement. To earn credit, a score at or above the fiftieth percentile level is required. Credit is earned after the Registrar has evaluated the official score report and specifies the course for which credit is being offered.

Students receive credit for courses, not letter grades, and the earned credits are not computed in grade-point averages. CLEP registration forms and additional information are available in the Office of Community Education, Workforce and Testing at Key West Campus or at the Middle and Upper Keys Centers.
