DENTAL ASSISTANT PROGRAM

The 60 hour Dental Assisting Program prepares students for entry level positions in one of the fastest growing health care positions: Dental Assisting. The purpose of this course is to familiarize the student with all areas of pre-clinical dental assisting and provide training in the professional skills required to function as an assistant in the dental practice.

This course covers the following key areas and topics:

**Administrative Aspects**
- history of dentistry and dental assisting
- introduction to the dental office
- legal aspects of dentistry
- policies and guidelines

**Clinical Aspects**
- introduction to oral anatomy
- dental operatory
- dental equipment
- introduction to tooth structure
- primary and permanent teeth
- oral cavity and related structures
- proper patient positioning
- dental hand-pieces
- sterilization
- and other areas

In addition to entry level administrative jobs, this course is ideal for students interested in pursuing a future formal Dental Hygienist program.

Note: There is no outside externship rotation included with this program.
