CHANGE OF PROGRAM FORM

Student Name: ___________________________  Student ID: ___________________________  Date_____________________

Instructions:
• Students must have approval from their Academic Advisor(s) to make any change to program of study.
• Academic Advisor completes the following section and reviews the below IMPORTANT REMINDERS with the student.
• Choice of primary and secondary programs may affect financial aid and/or Veteran Benefits.
• No more than two active programs of study may be selected.
• Changes to programs will be effective for the current term through the last date of the drop/add period of that term. Once the drop/add period has ended, all program changes will be effective the following term. Exceptions require the approvals of the Director of Financial Aid and the Registrar.
• Submit completed form to Enrollment Services for processing.

Below approvals are required if drop/add period has ended and there is a need to change program of study for that term.

IMPORTANT REMINDERS: Students changing from non-degree-seeking status to a degree-seeking or certificate-seeking program must arrange to have official transcripts sent to FKCC for evaluation: high school transcript(s) if never attended a college or all college transcript(s) if attended one or more colleges. Students may not enroll until all transcripts have been processed. Placement tests may be required for new programs of study selected.

Students who want to take enrichment or job training courses but do not want to be degree or certificate seeking must select a non-degree-seeking program of study. No transcripts are required.

Responsibility for meeting the requirements for a degree rests with the student. Students must have continuous enrollment (be enrolled in at least one course for both Terms I and II) to remain in a selected program of study and not be subjected to the latest requirements. If this enrollment is not maintained, the student must meet the graduation requirements in effect at the time of completing the program. Students that meet the continuous enrollment rule but choose to move to the new program of study requirements must secure approval from an academic advisor.

I have read and understand the above important reminders.
